May Mayhem

It seems this month has been our busiest month! To us, that is exciting! We have continued with language studies. Volodya is now tutoring both of us; we are enjoying his expertise and friendship through this. We are progressing well, though we still have quite a ways to go! We heard recently that Russian will be the language of heaven, because it takes an eternity to learn! I hope it isn't entirely true, but it makes us more serious in our efforts to learn this rich language!

Because of our developing language skills and finally feeling

Let's Start Talking- LST

We've have been blessed with the opportunity of helping host an LST team. LST is a program that sends teams around the world; their purpose is to aid the mission church in bringing in new contacts by offering English conversation practice using the Bible as the text. The team this year is comprised of three college boys from Sam

more settled here, we are also being able to do more with people from the church and some other friends we've made. Dougle has been attending a weekly small group at the home of Volodya and Mila; in addition, we try to attend a monthly 'couples meeting.' Also, we've enjoyed being guests in other's homes, as well as have many guests in our home recently. Through all of this, we hope to be a light to those in darkness, as well as learn from and encourage our Russian brothers and sisters. We feel we are working well toward our goal of language and culture learning during our first year!

Houston State. They are doing excellent so far, despite the fact that they've been without hot water the whole time! They each have several one-on-one studies a day, where they are reading and discussing God's word. On Sundays, they host parties, at which the church can meet and get to know the people they are working with!

Change of Plans

As many of you are aware, we have had a recent change of plans as far as our destination. Because of some visa issues that we've been unable to solve, we will not be able to stay in Russia and do the type of church planting work we had planned to do. Though we are uncertain as to why God is moving us in a different direction, we want to continue to be faithful in following His leading. Over the past month, we've discussed many options, with our team, as well as many people from our church leaderships, and are in the process of choosing a new location. We have narrowed our options to one city in Siberia,

Barnaul, where we might be able to get a visa through a Bible institute, as well as several cities in Eastern Ukraine (where they mainly speak Russian and have many Russian immigrants). Our sponsoring congregation, Sunset, has put together a focus committee to aid us as we move forward in choosing a different location. In addition, we continue to work with Jay Jarboe, Phil Jackson (with MRN), and many others who have information and expertise in this area of the world.

Please continue to pray for us as we seek out God's direction for the next phase in our ministry.

Russian Christian Conference

This year, Moscow hosted one of the annual Christian conferences that takes place in Western Russia. It was held in a small town just outside of Moscow. Everyone stayed at the hotel there where the conference was held. The theme was "Reconciliation." A professor from Pepperdine University, Dr. Timothy Paunal, came to speak. In addition, many Russian brothers spoke as well. Though neither of us understood quite everything, we had a good time fellowshiping with some of our Russian brothers and sisters from various places in Russia, as well as Belarus. In addition, we were able to visit with a missionary from St. Petersburg, Joel Petty. He works with the Bible school there and gave us two big bags full of DVDs of various Bible classes recorded in Russian. We are excited about having some good Christian materials/resources in Russian!

Feeling Closer to Home

We are excited to announce that we have a LUBBOCK PHONE NUMBER!

Through a wonderful program called Skype, we have been able to set up a Lubbock area phone number for you to call us!

This means that you may give us a call as if you were calling a phone in Lubbock, and we will answer in Russia! You, as the caller, will not pay any more than you would normally pay for calling a Lubbock, Texas phone number. **Now, don't hang up too fast when you call.** It will ring on our computer at home for 15 seconds. If we are home, we will answer there. If we don't pick up after 15 seconds,

Victory Day Celebrations: May 9th

First attempts at potty training!

then it will start ringing my cell phone! You might have to let it ring for a while to give me time to answer it; sometimes I am slow and it takes a while for me to pick up!

We are excited about this new phone number and hope that we will be able to keep up with you all better! Our new number is:

(806) 589-0080

Call anytime! Just remember we are 9 hours ahead of Texas time!
